

German Products  
**GPI**  
Ireland

## *Who we are:*

We are a small import company based in Wexford. Founded and run by German-native Christian Eisbrenner in 2021, we offer a variety of food and non-food products sourced and imported from Germany and are selling directly to end customers through our online shop. We recently started working with corporate clients on German theme weeks, employee events and customer gifts.

## *Our Vision:*

We are to be the number one supplier for German products in Ireland, ensuring a high-quality service and fast delivery. With our constantly growing variety of products we aim to cater for different needs and budgets in the B2C and B2B segment. With Ireland being the headquarters of many international companies, we are your partner for popular events such as Oktoberfest, Christmas Markets and Summer BBQs.

CEO Christian Eisbrenner

# B2B
